Re: RI Revisions Not Included in 7/30/93 Document
Olin Chemicals/McIntosh Plant Site
McIntosh, Alabama

Dear Mr. Lucas:

This letter and enclosure responds to part of your requests of December 6, 1993. Enclosed are five copies of Table 6-37 of the Final Remedial Investigation report. One of EPA's June 8, 1993, comments on the Draft RI report noted that the names of several plants in this table were misspelled. When we submitted the Final RI on July 30, we inadvertently did not include these corrections. Please insert the enclosed revised tables in your copies of the Final RI report to correct this omission.

Our response to the rest of your requests of December 6 is being prepared and will be submitted December 21, 1993.

Please let me know if you have any questions.

Sincerely,

J. C. Brown W.V.
